SECUREFIRE PRIVATE FIRE RESPONSE

Call 0860 070 700 for Emegency Assistance or alternatively contact the back up number 071 883 5091

EMERGENCY FIRE SERVICES

Delivering rapid, professional fire suppression powered by advanced technology, a national footprint, and a real-time, AI-enabled National Command Centre.

Designed to enhance — not replace — municipal services, SecureFire gives clients immediate access to emergency response, helping reduce fire-related losses and protect property and lives.

FEATURES AND BENEFITS

- **Rapid Response:** Closest unit dispatched within minutes.
- **National Coverage:** Serving major metros including Gauteng, Rustenburg, Polokwane, Western Cape, George, Durban, Pietermaritzburg, Bloemfontein, Nelspruit, East London and Port Elizabeth.
- **Limited Response:** In outlying or rural areas, best-effort response applies with referral to municipal services where needed
- **Advanced Suppression:** FireBlock-enhanced solutions limit spread and water damage.
- **On-Site Protection:** Early-stage containment to safeguard assets.
- **Incident Reporting:** Post-incident reports with geolocation and photographic evidence for risk review and claims.

FEATURES AND BENEFITS

- Activation of the service is subject to confirmation that the risk address falls within an active SecureFire operational zone.
- The client's physical risk address must be registered accurately to enable dispatch.
- Offered to residential, commercial, and industrial clients, with tailored options for high-value or high-risk sites.
- SecureFire must be granted reasonable access to the premises to perform fire suppression services.

Should you require any additional services from Fidelity ADT SecureFire, please feel free to contact HIC, who will be happy to assist with your requirements.
