CAR HIRE PREMIUM INCREASE

In response to the evolving market conditions and to ensure we can continue offering robust coverage and excellent service, we find it necessary to adjust our Car Hire premiums.

Effective from 1 May 2024, there will be an increase in Car Hire Premiums for both new business and for existing policies, the adjustment will be applied at the renewal date starting on 1 May 2024.

We understand that any change in premiums may impact on your clients, and we want to assure you that we have carefully considered this decision. The adjustment is essential to maintain the high standards of coverage and service that our clients have come to expect from us.

The economic climate, nationwide infrastructure, weather related patterns and sudden yet continuous events like load shedding-related claims have influenced the length of motor repairs with impact on the supply of vehicles, vehicle parts and paint globally. This has a direct impact on car hire.

We recommend renewal discussions with your client include an extension of car hire to the 45 days options available.

We remain committed to providing value-driven insurance solutions and appreciate your understanding as we navigate these changes together. If you have any questions or require further clarification regarding the premium adjustments, please do not hesitate to contact our dedicated MUA regional support teams.

Thank you for your continued partnership, and we look forward to serving you and your clients with the same level of excellence.

Premium schedule available on page 2 below.
